

Getting Started in Homeschooling

1

Look into your state's homeschool laws and requirements..

2

Check out different homeschooling methods and styles.

4

Search for curriculum or other materials for your homeschool.

3

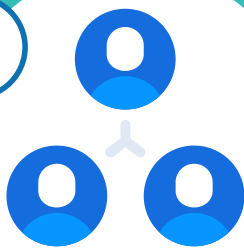

Find homeschool groups and other homeschoolers to ask questions and get support.

5

Develop a yearly schedule and a daily schedule.

6

Find ways to connect with others through activities, groups, or co-ops.

7

Keep good documentation of resources used, attendance, field trips, subjects taught.
