How to Use the Recording Sheets

I make copies of the enclosed sheets for each of my kids and put them in a binder.

For the Curriculum and Resource page, I make a copy for each subject. It is easier to look back and find the different resources used for each subject. I include textbooks, apps, websites, eBooks, YouTube videos etc. This way it is very clear to anyone what learning materials we are using.

Since our family does read aloud together, I keep one sheet and make a copy to put in the other kids' binders.

I hope these resources are a good starting point for you.

Happy Homeschooling!
